

Entering Fourth Grade Summer Math

All students entering fourth grade are required to work in Khan Academy for a minimum of 20 minutes per week. Of course, if you are traveling, you may continue your work when you return.

You should use this link to access our class material.

<https://www.khanacademy.org/join/HVNHGZV4>

Your teacher will be able to see how much time you spent working on math. Have a great summer! See you in September!
